

EHS Programs Management - One Source™

Environmental, Health and Safety Staffing and Management

E5, Inc. provides professional outsourcing services to develop and manage Environmental, Health and Safety (EHS) departments and operations on a fixed term or monthly basis.

Our One Source™ service program provides onsite or remote management staff based on the needs of each specific EHS department or operation. With One Source™, E5 can complement your existing EHS staff resources, or completely manage your EHS operation as an outsourcing partner.

For a flat monthly fee, One Source™ combines EHS staffing, expert advisory services, regulatory reporting and compliance management into a single service program. One Source™ can be catered to each facility's needs, whether daily, weekly or monthly EHS support is required.

Key Features

- Professional EHS Staff
- Ongoing Compliance and Advisory Support
- Regulatory Reporting
- Annual audits and quarterly reviews
- Unlimited Phone Consultations
